

A map of Texas and surrounding regions (New Mexico, Oklahoma, Louisiana, and parts of Arizona and Chihuahua, Mexico) showing sampling locations and density contours. The map includes major cities (Santa Fe, Albuquerque, Amarillo, Lubbock, Midland, Odessa, Juarez, Chihuahua, Torreón, Monterrey, San Antonio, Austin, Dallas, Houston, Tulsa, Oklahoma City) and geographical features (Ogallala Mountains, Ouachita Mountains, Edwards Plateau, Sabine). Sampling locations are marked by colored circles (blue, green, yellow, orange, red) of varying sizes, indicating density. Density contours are shown as concentric circles around the sampling locations. A scale bar at the bottom indicates distances from 0 to 1,000 Kilometers.
